

The Pryor Municipal Utility Board would like to welcome you to Pryor and Green Country Mobile Home Park, LLC by providing you with information and requirements for prompt utility hook-ups.

MOBILE HOME REQUIREMENTS

DEPOSITS: A \$200.00 deposit must be made to the Municipal Utility Board before any utility (gas, water, electric) can be turned on.

TURN – ON: All utilities must be turned on and off by the Municipal Utility Board.

HOOK UP REQUIREMENTS

GAS: The gas line located from the meter to the residence must be pressure tested and work performed by a licensed plumber, followed by inspection and approval by the City Building Inspector prior to turn-on by the Municipal Utility Board.

ELECTRIC: New meter loops and/or electrical work must be done by a licensed electrical contractor, followed by inspection and approval by the City Building Inspector prior to turn-on by the Municipal Utility Board.

WATER: Connection may be done by customer or licensed plumber, followed by inspection and approval by the City Building Inspector prior to turn-on by the Municipal Utility Board.

SEWER: Connection may be done by customer or licensed plumber, followed by inspection and approval by the City Building Inspector.
